

# The town of West Boylston is offering discounted Rain Barrels in recognition of Earth Day!

West Boylston residents can purchase SkyJuice Rain Barrels at discounted prices. The first 30 rain barrels are available for \$55, nearly 40% off the retail price of \$90, thanks to a grant from the Massachusetts Department of Environmental Protection.

Massachusetts DEP Rain Barrel Grant Discount Price:

# \$55

\*After the first 30 rain barrels are sold, Rain Barrels will be available for \$65

***Limited time offer! Order your Rain Barrel today!***

## **SkyJuice Rain Barrel features:**

- ◆ 60 gallon recycled food grade barrels
- ◆ Fully screened intake port keeps mosquitoes, insects, and debris out
- ◆ The lid can be removed for easy cleaning and for storing hoses inside the barrel during the winter
- ◆ The brass spigot can be connected to a regular hose or a drip irrigation system
- ◆ The over flow tubing is used to direct water away from the foundation, back into the normal drain, or to join multiple barrels for additional capacity.

## **To order a rain barrel, call:**

**West Boylston DPW  
508-835-4820**

## **Make your check payable to:**

28 Rumsey Road, York, ME 03909**

## **Pick Up your barrel:**

**West Boylston DPW  
35 Worcester Street  
May 20, 2008**

Collect rainwater from your roof. 1/4 inch of rain on a 1,000 square foot roof will fill 2 rain barrels! Use the collected rain water on your gardens and house plants. Your plants will love this naturally soft water!

r e c h a r g e

You are becoming part of your local watershed by slowly releasing rainwater from the rain barrels into your gardens. Allowing rain water to soak into the soil decreases stormwater runoff and helps recharge your groundwater. Using rainwater will also save you money on your water and sewer bills!
